<sup>1</sup> CDR applications for submissions can be filed on a pre-NOC basis. When such a submission is received, this field will indicate 'pending' until the NOC (or NOC/c) is issued by Health Canada.

<sup>2</sup> Refer to Appendix 1 of the *Procedure for the CADTH Common Drug Review* ([https://www.cadth.ca/media/cdr/process/CDR\\_Procedure.pdf](https://www.cadth.ca/media/cdr/process/CDR_Procedure.pdf)) for details regarding CDR application fee schedules.

<sup>3</sup> Please refer to the *Procedure for the CADTH Common Drug Review* ([https://www.cadth.ca/media/cdr/process/CDR\\_Procedure.pdf](https://www.cadth.ca/media/cdr/process/CDR_Procedure.pdf)) for complete details regarding the CDR process and targeted time frames for key milestones.

<sup>4</sup> The call for patient group input is posted 20 business days in advance of the applicant's anticipated date of filing the CDR application. Patient groups have a total of 35 business days for preparing and submitting patient input.

<sup>5</sup> The embargoed CDEC recommendation is held in confidence by all stakeholders and not acted upon until after CADTH has issued the notice of *CDEC Final Recommendation*. The applicant may make a request for reconsideration or resubmission based on reduced price during the embargo period, and the drug plans may make a request for clarification, as applicable (see section 8 of the *Procedure for the CADTH Common Drug Review*).

<sup>6</sup> The timing for posting the *CDEC Final Recommendation* and CDR review report(s) depends on several factors including the need for consultation with the applicant regarding redaction issues.

**This CDR Project Status Report is posted every other week, reflecting status as of the end of day Wednesday (4:00 pm ET) of that week.**
